

FAMILY CLASS  
Homemade Pizza  
*245 kr per person*

Bring the family and learn how to make pizza together!

At La Scuola, our mission is to spread the knowledge of Italian cooking and food to other Eatalians, both young and old. On this special course we invite smaller chefs (children aged 8 to 12 years) and their parents to our classroom to make pizza! It will be a fun experience in which you both spend time together and learn valuable techniques. Join La Scuola's chef who shows you that it's easier to make Italian pizza from scratch than you might think!

Kindly note that the course is in Swedish

**This course includes**

- Knowledge and understanding of how to make homemade Italian pizza from scratch
- Preparation of one pizza dinner together with the help of our very own La Scuola chef
- Knowledge so that you can learn how to recreate and adapt the recipes to future meals at home
- You get the recipe after the course
